# Integrated Bachelor's/Master's Program Student Teaching Evaluation Midterm Results: English Language SPRING 2015 

## Context

This survey is part of the set of surveys administered at key transitions points in the $I B / M$ program. This survey was administered to the university supervisors of the 13 members of the Spring $2015 \mathrm{IB} / \mathrm{M}$ English Language education cohort.

## Survey Content

- Information about the student teaching placement
- Professional characteristics
- General comments/feedback on the student's performance

## Methodology

The survey was administered using Qualtrics, an online survey tool. An email invitation was distributed to the placement supervisors of all of the students participating in internships. The data collection period was February $25^{\text {th }}$ to March $11^{\text {th }}, 2015$ ( 2 weeks). A total of 10 surveys were completed (response rate $=10 / 13=76.92 \%$ ). All references to individuals/placement sites have been omitted to maintain anonymity.

The data are used for two types of reports.

- Individual-level report. This report was distributed to the individual student, the supervisor, the cooperating teacher, and the advisor.
- Program-level report. This report, which contains aggregate data, was delivered to the academic program.
- Disaggregated results are not reported across campuses, due to no or too few students enrolled in this focus area at the campus.

## Key Findings

- The students all were rated as making satisfactory progress or outstanding progress on 25 out of 27 performance standards.
- Qualitative feedback from the supervisors indicated that the student teachers were organized, knowledgeable, and attentive to student needs.
- University supervisors encouraged their student teachers to continue to seek professional development opportunities to refine their teaching.

## Performance Areas

## For each of the students, the following scale will be used to evaluate the teaching candidate:

## 3: Student is making outstanding progress by effectively planning/implementing instruction to address this standard.

2: Student is making satisfactory progress by making deliberate attempts to address this standard.
1: Student is not making satisfactory progress and still remains weak in addressing this standard.
N/A = For use only in the midterm: means "not applicable" because this standard is yet to be covered.
