

**SCHOOL COUNSELING PROGRAM
INTERN EVALUATION
SPRING 2015**

Context

- This survey is administered as an evaluation of progress to interns in the school counseling program. This survey was administered to the internship supervisors of 17 school counseling internship students for the 2014-2015 school year.

Survey Content

- Information about the internship placement
- Professional characteristics
- Overall grade

Methodology

The survey was administered using Qualtrics, an online survey tool. An email invitation was distributed to the placement supervisors of all of the students participating in internships. The data collection period was April 22nd to May 6th. A total of 13 surveys were completed (response rate = 13/17 = 76.47%). All references to individuals have been omitted to maintain anonymity.

The data are used for two types of reports.

- **Individual-level report.** This report was distributed to the individual student and the internship advisor.
- **Program-level report.** This report, which contains aggregate data, was delivered to the academic program.

Key Findings

- The majority of interns were recommended a grade of "A" for their internship placements.
- Overall, supervisors rated their interns highly throughout the objectives listed in the assessment.
